The following is an examiner's statement of reasons for allowance: neither Nickrasz et al nor Lusk discloses the chamber as being dimensioned so that when a cable end is fully inserted into it, the cable end replaces substantially all the sealing compound and forms a tight fit between the insulation layer and the insulation of the cable end.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
